

# **Android application installation procedure**

**SmartKap and Si-HVACR Application**

# Context & Objective

Why download the application

---

## Context

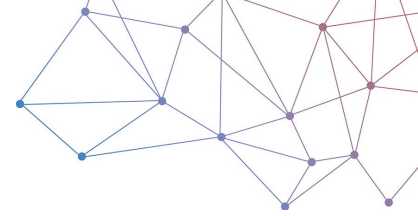

- Some customers with recent phones may not see some of our apps in the Google Play store.

## Objective

- To provide a procedure for a customer with a recent version Android OS to be able to download our applications without going to the Google Play store.

# Retrieving the APK file

SmartKap and Si-HVACR Applications

Download the installation file

- From the web site Sauermann, go to the page : <https://sauermanngroup.com/en-GB/resource-centre/software>s
- Download the APK of the application you are interested in.

## Notes : 2 methods to retrieve the APK file :

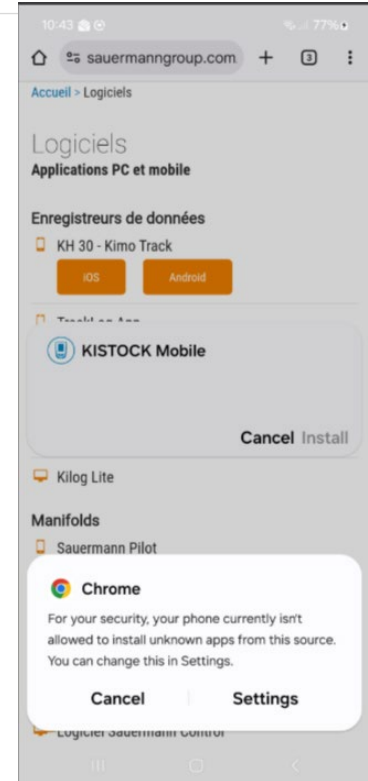

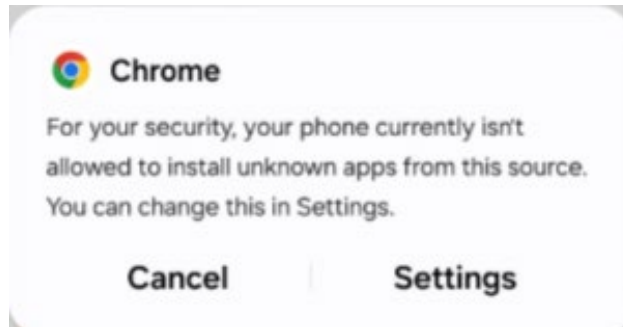

1. Either follow the link directly from your smartphone (recommended method) and process to the next page.
2. Or download the file from a computer, then transfer it to your Android smartphone and open the transferred file from your documents to perform the installation.

# Installing the Android application

## Step 1/4

Once the download is complete, a pop up will appear when you open the file:
